RE: Request for Information Pursuant to Section 104 of CERCLA for

the Cleveland Trencher Superfund Site in Euclid, Cuyahoga County, Ohio

Dear Mr. Aydin:

This letter seeks your cooperation in providing information and documents relating to the contamination of the Cleveland Trencher Superfund Site in Euclid, Ohio ("Site"). A Superfund site is a site contaminated with high levels of hazardous substances that may present a threat to human health or the environment.

We encourage you to give this matter your immediate attention and request that you provide a complete and truthful response to this Information Request and attached questions (Attachment B) within 10 (ten) days of your receipt of this letter.

The United States Environmental Protection Agency is investigating the release or threat of release of hazardous substances, pollutants, or contaminants at the Site. The EPA is seeking to obtain information concerning the generation, storage, treatment, transportation, and methods used to dispose of such substances that have been, or threaten to be, released from the Site. The EPA will study the effects of these substances on the environment and public health. In addition, the EPA will identify activities, materials, and parties that contributed to contamination at the Site. The EPA believes that you might have information which may assist the Agency in its investigation of the Site.

Description of Legal Authority

The federal "Superfund" law (the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. § 9601, et seq., commonly referred to as "CERCLA" and "Superfund") gives the EPA the authority to, among other things: (1) assess contaminated sites, (2) determine

the threats to human health and the environment posed by each site, and (3) clean up those sites in the order of the relative threats posed by each.

Information Request

Under Section 104(e)(2) of CERCLA, 42 U.S.C. § 9604(e)(2), the EPA has broad information gathering authority which allows the EPA to require persons to furnish information or documents relating to:

- a) The identification, nature, and quantity of materials which have been or are generated, treated, stored, or disposed of at a vessel or facility or transported to a vessel or facility.
- b) The nature or extent of a release or threatened release of a hazardous substance or pollutant or contaminant at or from a vessel or facility.
- c) Information relating to the ability of a person to pay for or to perform a cleanup.

While the EPA seeks your cooperation in this investigation, compliance with the Information Request is required by law. Please note that false, fictitious, or fraudulent statements or representations may subject you to civil or criminal penalties under federal law.

Some of the information the EPA is requesting may be considered by you to be confidential. Please be aware that you may not withhold the information upon that basis. If you wish the EPA to treat the information confidentially, you must advise the EPA of that fact by following the procedures outlined in Attachment A, including the requirement for supporting your claim for confidentiality.

If you have information about other parties who may have information which may assist the Agency in its investigation of the Site or may be responsible for the contamination at the Site, that information should be submitted within the time frame noted above.

This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1995, 44 U.S.C. § 3501 et seq.

Instructions on how to respond to the questions in Attachment B to this document are described in Attachment A. Your response to this Information Request should be mailed to:

U.S. Environmental Protection Agency Carol Ropski Enforcement Services Section #1, SE-5J 77 West Jackson Boulevard Chicago, Illinois 60604-3590

If you have additional questions about the history of the Site, the nature of the environmental conditions at the Site, or the status of cleanup activities, please contact On-Scene Coordinator

Stephen Wolfe at (440) 250-1718, or Associate Regional Counsel Kevin Chow at (312) 353-6181. However, if you have specific questions about the information Request, please contact Enforcement Specialist Carol Ropski at (312) 353-7647.

- 4. <u>Identify Sources of Answer.</u> For each question, identify (see Definitions) all the persons and documents that you relied on in producing your answer.
- 5. <u>Continuing Obligation to Provide/Correct Information.</u> If additional information or documents responsive to this Request become known or available to you after you respond to this Request, EPA hereby requests pursuant to Section 104(e) of CERCLA that you supplement your response to EPA.
- 6. <u>Confidential Information</u>. The information requested herein must be provided even though you may contend that it includes confidential information or trade secrets. You may assert a confidentiality claim covering part or all of the information requested, pursuant to Sections 104(e)(7)(E) and (F) of CERCLA, 42 U.S.C. §§ 9604(e)(7)(E) and (F), and Section 3007(b) of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. § 6927(b), and 40 C.F.R. § 2.203(b).

If you make a claim of confidentiality for any of the information you submit to EPA, you must prove that claim. For each document or response you claim confidential, you must separately address the following points:

- a) the portions of the information alleged to be entitled to confidential treatment;
- b) the period of time for which confidential treatment is desired (e.g., until a certain date, until the occurrence of a specific event, or permanently);

- c) measures taken by you to guard against the undesired disclosure of the information to others;
- d) the extent to which the information has been disclosed to others; and the precautions taken in connection therewith;

To make a confidentiality claim, please stamp or type "confidential" on all confidential responses and any related confidential documents. Confidential portions of otherwise non-confidential documents should be clearly identified. You should indicate a date, if any, after which the information need no longer be treated as confidential. Please submit your response so that all non-confidential information, including any redacted versions of documents, is in one envelope and all materials for which you desire confidential treatment are in another envelope.

All confidentiality claims are subject to EPA verification. It is important that you satisfactorily show that you have taken reasonable measures to protect the confidentiality of the information and that you intend to continue to do so, and that it is not and has not been obtainable by legitimate means without your consent. Information covered by such claim will be disclosed by EPA only to the extent permitted by Section 104(e) of CERCLA. If no such claim accompanies the information when it is received by EPA, then it may be made available to the public by EPA without further notice to you.

- 7. <u>Disclosure to EPA Contractor</u>.
